Celebrating One Year as CEO

The Regina & District Chamber of Commerce has played a role in supporting and advancing the interests of businesses in our community since 1886.

For the last year, I have had the privilege to be part of a passionate team that has been focused on developing a strong platform for collaboration, advocacy, and growth.

As we look forward to Year 2, I am excited to continue to work with our board, a highly talented group of business leaders, who are dedicated to providing an avenue for businesses to raise important issues and work towards enhancing our current business climate.

Together, the entire Chamber team strives to be a collective voice for businesses, advocating for your interests and concerns in the media, community and at all levels of government.

With the business landscape constantly evolving, our team is always hunting for new and innovative ways to have business owners, entrepreneurs, and professionals from various industries connect, network and provide opportunities to collaborate and form partnerships.

We will continue to engage in creating learning opportunities and professional development that update on industry trends, emerging technologies, and new management practices.

You have my word that the Chamber will continue to play an active role in fostering community engagement and promoting the region's economic development. We have strong relationships with the City of Regina administration, Regina Airport Authority, Economic Development Regina, Regina Hotel Associations, REAL and our tourism partners.
