## Extensive renovation project sparks excitement at Globe Theatre

*BY CARISSA SAFTNER*  
*Globe Theatre*

Nestled in the heart of Regina's downtown, Globe Theatre at MacCorquodale Place stands as a testament to the enduring power of live performance. As the curtains fall on our extensive renovation project, anticipation mounts for the long-awaited reopening of this historic venue in November 2024.

Utilizing cutting-edge technology, including a trap room and catwalk, we're revolutionizing the theatre experience for both creators and audiences alike.

These enhancements empower theatre makers to craft magic in innovative ways while ensuring patrons enjoy every moment to the fullest.

In a commitment to inclusivity, Globe Theatre is elevating accessibility standards with the introduction of an Assistive Listening System, ensuring all patrons can fully engage with performances. From wider seats and aisles to the addition of cup holders on the main stage seating, our upgraded amenities are designed to enhance comfort and convenience. Combined with our striking design, these improvements culminate in a world-class theatre experience that promises to be truly exceptional.

Globe Theatre's renovation project symbolizes more than just a physical transformation — it's a celebration of the enduring legacy of live theatre and the limitless possibilities it holds.

Explore the [Globe Theatre website](#) to uncover a treasure trove of content that sheds light on every facet of the renovation project. From captivating visuals to insightful interviews, it's a journey that invites you to become part of the Globe Theatre's storied history.

## Introduction To CCS event set for June 10 & 11

PTRC Sustainable Energy offering an introductory on-line course on carbon capture, utilization and storage through Southeast Regional College on Monday, June 10 and Tuesday, June 11.

This two-morning course, held both days from 8:30 a.m. to 12:30 p.m., will cover a wide array of topics related to CCUS and is ideal if you are curious about the technologies involved or in the kinds of projects that are currently underway.

Visit SE Regional College's on-line portal to see an overview of the course, and to register, click [HERE](#).

Additional details are also available on PTRC's LinkedIn page.

### INTRODUCTION TO **CARBON, CAPTURE, & STORAGE (CCS)**

PRESENTED BY PTRC SUSTAINABLE ENERGY

**JUNE 10 - 11, 2024**  
**8:30AM - 12:30PM**

Explore the forefront of sustainable energy solutions in this comprehensive course on CCS.

This virtual workshop will include an overview of the global status of CCS, regulations, risk assessment, measurement, monitoring, and verification (MMV), and technical analysis on reservoir modelling of CCS.

## CCR AGM & luncheon scheduled for May 23

The next event for the Canadian Club of Regina (CCR) will be held on Thursday, May 23 and feature Wilf Perreault as guest speaker.

Set for the Atlas Hotel, the event will begin with the CCR annual general meeting at 11 a.m., followed by the luncheon at 11:30 a.m. and Perreault's presentation at 12 noon.

Perreault, one of Saskatchewan's most celebrated painters, will speak about some of the inspirations that drive his creative outcomes.

In 2016, Perrault was a recipient of the Saskatchewan Order of Merit, the province's highest honour. His artwork, inspired by everyday back alley, front street or side views, hangs in both corporate and private collections. Creating art is his passion and it is a daily commitment that continues with a love of the process -- the magic, the mystery, and the outcome.

Admission is \$10 for Canadian Club annual members, \$15 for regular members, \$20 for non-members and for \$5 for students with ID.

For more information or to register for the event, email [canadianclubofregina@gmail.com](mailto:canadianclubofregina@gmail.com) by May 21.

*In its 115th year in Regina, the Canadian Club of Regina provides a forum for speakers who are leaders in business, politics, academia and the arts.*
