

CHAMBER INSIGHT

Town Hall meeting set for July 17 focusing on Labour Market Strategy

The Government of Saskatchewan announced in March 2024 the Saskatchewan Labour Market Strategy, which outlines the province's road map for building and growing the workforce to ensure that Saskatchewan can support its growing economy.

The strategy includes three pillars the province will focus on to build Saskatchewan's workforce:

1. Preparing Saskatchewan People for Jobs
2. Recognizing Skills in Saskatchewan
3. International Recruitment

The Ministry of Immigration and Career Training (ICT) will be conducting a series of Town Halls to provide employers and industry associations with information on ICT services and programs available in support of the three pillars under the strategy.

These Town Hall sessions will also provide attendees with an opportunity to connect with ICT representatives working behind the scenes to help employers build their labour force and ask them questions directly.

An in-person Town Hall is scheduled for Wednesday, July 17 beginning at 9 a.m. It will be held at the Career Services Office, 1955 Broad St.

For those interested in attending, an RSVP by email to employerservices@gov.sk.ca is required by Friday, July 12.

"We acknowledge, with respect and truth, that we work and support the business community in Treaty 4 Territory and the traditional lands of the Cree, Saulteaux, Dakota, Lakota, and on the homeland of the Metis Nation."

A promotional poster for the event 'Shake The Lake'. At the top, it says 'Brandt PRESENTS' in white text on a dark blue background. Below that, the title 'SHAKE THE LAKE' is written in large, white, stylized letters with blue splatters. Underneath the title, it says 'AUGUST 23-24 at CONEXUS ARTS CENTRE in REGINA' in white. Below that is the hashtag '#SEEYOUATTHECENTRE'. At the bottom left is the 'conexus arts centre' logo, and at the bottom right is a red-bordered button with the text 'ShakeTheLakeRegina.ca'.

Tourism Regina introduces e-newsletter

Tourism Regina recently launched an e-newsletter. All new subscribers will be entered into weekly draws for a \$100 Regina Downtown gift card from June to August.

To sign up for the e-newsletter and be registered to win, click [HERE](#).

An advertisement for Westridge Construction Ltd. The background is a grayscale photo of a construction site with cranes and workers. On the left, the company name 'WESTRIDGE CONSTRUCTION LTD.' is written in large, bold, red and black letters. On the right, there is a block of text in a smaller font.

WESTRIDGE
CONSTRUCTION LTD.

Our team of professionals is passionate about delivering projects on time, within budget, and to the highest quality standards while ensuring safety is never compromised. **As a Regina-based company, we are proud to be a true Saskatchewan success story.**

Progress being made on major construction projects

The City of Regina is making advancements on two of its major projects, the Water Network Expansion and Dewdney Avenue Corridor Revitalization.

Starting on Monday, July 8, the Ring Road eastbound cloverleaf on-ramp at Albert Street North will be closed for about seven weeks to install a water main as part of the Water Network Expansion Project. Before this closure begins, the City will be reopening the Ring Road on-ramp at Argyle Street on Thursday, July 4, helping minimize the construction's public impact.

The Water Network Expansion Project is a major project that enables the City to continue meeting the water pressure and storage needs of both current residents while also providing a long-term solution to support growth. This project will include planting

additional trees and upgrading the lights along portions of Ring Road. The Water Network Expansion webpage at [Regina.ca/waterexpansion](https://regina.ca/waterexpansion) highlights more information about this project, including a map showcasing the expansion plan.

Starting the week of July 8, the Dewdney Avenue Corridor Revitalization Project will move into its next phase with wastewater and stormwater infrastructure installation. To complete the work safely, traffic accommodations along Dewdney Avenue will be required for four to six weeks. These traffic accommodations include road restrictions, a short-duration sidewalk restriction and a road closure from Scarth Street to Broad Street. The City will maintain existing wastewater service levels throughout this construction by installing a temporary sewer bypass pumping system. Residents can find a wayfinding map for this phase, 1B [here](#).

The Dewdney Avenue Corridor Revitalization will create a more vibrant community through the replacement of aging underground infrastructure, a new road surface, widened sidewalks, improved lighting, multi-purpose outdoor spaces, a tree canopy and landscaping. The work on Dewdney Avenue is a part of "The Yards" Railyard Renewal Project. Residents can learn more about this project by visiting Regina.ca/dewdney.

For up-to-date traffic restrictions on both major projects and other construction throughout Regina, residents can visit the newly updated Road Report at Regina.ca/roads.
