SSHF hosting Induction Dinner on Sept. 28

The Saskatchewan Sports Hall of Fame is holding its annual Induction Dinner and Ceremony on September 28 at the Conexus Arts Centre in Regina.

This annual celebration brings together our inductees, their families and supporters, and the entire Saskatchewan amateur sport community who were part of their sporting journey.

This year's Induction Class brings together a strong and diverse group of inductees. Saskatchewan's rural roots are well represented by a pair of rodeo inductees – Carl Olson from Fir Mountain and Ray Mitsuing from the Makwa Sahgaiehcan First Nation – who are joined by Regina's Chelsea (Stone) Mazzei from taekwondo in the athlete category. Builders Wayne Hellquist (volleyball) and Karen Howard (figure skating) both live in Regina and each represented Canada at the highest level of sport.

The two championship teams being inducted won their titles at different stages of their careers – the 2003 University of Saskatchewan Huskies men's volleyball team and the 2018, 2019 & 2023 Sherry Anderson senior women's curling team.

Tickets are available by calling 306-780-9232.

Deadline for partnership proposals for planned Indoor Aquatic Centre is Oct. 3

The City of Regina has issued an open call inviting partnership proposals to provide enhanced services at the planned new Indoor Aquatics Facility, which is set to open in 2028.

The Indoor Aquatics Facility, located on the site of the current Sportplex at 1717 Elphinstone Street, will serve as an inclusive, accessible, multi-purpose space where

residents can participate in recreation and sport activities, connect with others and socialize.

The open call invites proposals from parties interested in offering complementary business or recreation services that would augment the experiences available at the facility, such as:

- Physiotherapy, massage or other wellness services.
- Recreation and sport retail; potentially with a pro-shop element.
- Cultural space.
- Complementary leisure programs and sport and recreation services, including and beyond aquatics.
- Complementary social and/or community programs including non-profit organizations.
- Program and service provision (such as sports academies and training).

Proposals will be screened for feasibility and to determine factors such as community and financial value and impact, alignment with amenity priorities, benefit to the community, and sustainability.

Interested parties should submit their proposals by October 3, 2024. More information and detailed requirements on the application process can be found at <https://regina.ca/IAFPartnerships>.
