

RDCC joining trade mission to advocate on tariff issues

The Regina & District Chamber of Commerce (RDCC) is joining a group of local organizations to help protect Regina-area residents and businesses from the forces of tariffs from the United States and China.

The RDCC will participate in a trade mission to Denver in May 2025 as the group will meet with major partner organizations in the U.S. to advocate on behalf of Regina businesses, entrepreneurs and workers.

The Saskatchewan Trade and Export Partnership includes Economic Development Regina, the University of Regina, Canadian Western Agribition, the City of Moose Jaw, the Global Transportation Hub, the Regina Airport Authority, the Regina Hotels Association and others.

"Given the close economic ties between Canada and the U.S., especially in trade and commerce, it's essential that Regina businesses have a strong voice in conversations about tariffs and trade policies. By engaging directly with U.S. partner organizations, local groups can help ensure that Regina's businesses are not unfairly impacted by trade barriers and can work towards securing favourable terms or exemptions," said Mike Tate, CEO of the Regina & District Chamber of Commerce.

"Simply put, we need to work collectively to emphasize the importance of putting an end to these tariffs."

Saskatchewan partners continue to be active in advocating to protect and promote Regina's economy. Mayor Chad Bachynski recently attended the 2025 Mayors Trade Summit in Washington, D.C. while a Team Saskatchewan delegation led by Premier Scott Moe is currently in Germany and the United Kingdom promoting Regina as a global trade and investment destination.

According to EDR estimates, the U.S. tariffs alone will create a \$329-million hole in Regina's gross domestic product (GDP) in 2025 with a potential loss of 730 jobs.

Chamber**

The Conexus Arts Centre is offering Regina & District Chamber of Commerce members a 20-per-cent discount on tickets to STOMP on Monday, April 14 and Tuesday, April 15.

STOMP is explosive, provocative, sophisticated, sexy, utterly unique and appeals to audiences of all ages. The international percussion sensation has garnered an armful of awards and rave reviews and has appeared on numerous national television shows.

The eight-member troupe uses everything but conventional percussion instruments – matchboxes, wooden poles, brooms, garbage cans, Zippo lighters, hubcaps – to fill the stage with magnificent rhythms. The return of the percussive hit also brings some new surprises, with some sections of the show now updated and restructured and the addition of two new full-scale routines, utilizing props like tractor tire inner tubes and paint cans. As USA Today says, "STOMP finds beautiful noises in the strangest places."
